

WELCOME TO GREEN GOLD LABEL

Welcome to GGLedger – MY USI Platform

GGLedger is a Comprehensive Traceability System for Certified Biomass

The cutting-edge IT platform, GGLedger, offers a robust traceability solution for certified biomass, ensuring complete transparency across the entire supply chain. From production to delivery, GGLedger tracks every step, guaranteeing authenticity, sustainability, and certification of biomass materials.

GGLedger offers:

- Real-time tracking of biomass from source to end-user.
- Seamless integration with GGL certification standards and regulatory compliance.
- Blockchain technology for tamper-proof data integrity.
- Comprehensive reporting tools for tracking greenhouse gas reduction, sustainability metrics, and certification status.
- Easy access for producers, suppliers, and stakeholders to monitor and verify biomass certification.

GGLedger enhances supply chain efficiency and builds trust with stakeholders by ensuring biomass usage's sustainability and environmental impact.

How to Drain available Certified Stock.

- The **Drain Available Stock** feature allows users to manage stock depletion for certified products.

Users can select a **Drain Type** (e.g., Sold to other scheme, Sold as non-certified, Self-Consumed, Others).

Enter the **Depleted (MT)** quantity, ensuring it does not exceed the **Available (MT)** value.

Additional details can be provided in the **Reason** field.

On the Dashboard, clicking **Available Stock** will take you to a list of all your available stocks. To initiate stock depletion, click **DRAIN** in the top right corner.

The screenshot shows the 'MY USI - GGLEDGER Client Portal' interface. The top navigation bar includes 'Home', 'Certificates', 'Relations', 'Stock', and 'Documents'. The user is logged in as 'Participant One' with a company ID of '188229890128583065E'. The main content area is divided into two sections: 'Stock available' and 'Drain available stock'. The 'Stock available' section has a table with columns: REFERENCE, PRODUCT, CATEGORY, SELLER, MILL OF ORIGIN, MODULE & SCOPES, AVAILABLE QTY (MT), and OPTIONS. The 'Drain available stock' section has a table with columns: REFERENCE, PRODUCT, CATEGORY, SCOPE, AVAILABLE (MT), DEPLETED (MT), DRAIN TYPE, and REASON. The 'Drain available stock' table contains two rows of data.

REFERENCE	PRODUCT	CATEGORY	SCOPE	AVAILABLE (MT)	DEPLETED (MT)	DRAIN TYPE	REASON
Requested on 2025-01-23	Walnut Shells	AR	FIT/FIP (S1, S6)	1500.000	<input type="text"/>	Select <input type="text"/>	<input type="text"/>
Requested on 2025-01-23	Wood Pellets	Category 1	SDE+ (S1)	225.000	<input type="text"/>	Select <input type="text"/>	<input type="text"/>

How to apply for a Product Certificate.

When you have drained the available certified stock as Self consumed, you will be able to apply for a Product Certificate.

On the Dashboard, both the **Self-Consumed Stock** and **Product Certificates** tabs include an **Apply** button, allowing you to request a Product Certificate as needed.

The screenshot displays the 'MY USI - GGLEDGER Client Portal' interface. At the top, a dark blue header contains the title. Below it is a navigation bar with icons and labels for 'Home', 'Certificates', 'Relations', 'Stock', and 'Documents'. The main content area is titled 'OVERVIEW Dashboard' and features a grid of action buttons. The 'Dashboard' label is highlighted with a yellow box. The grid includes buttons for 'New TC Application', 'Expiring scope certificates', 'Link Buyer', 'Available stock', 'Incoming TC(s)', 'Outgoing TC(s)', 'Self consumed stock', and 'Product certificates'. The 'Self consumed stock' and 'Product certificates' buttons are highlighted with yellow boxes, indicating they are the focus of the document.

Begin your Product Certificate application by clicking on “Apply”.
